SMJEŠTAJ

Začeci turizma na području barske opštine datiraju još iz XVIII vijeka kada su čari sela Gornja Brca i današnjeg Sutomora otkrile, ni manje ni više, nego mletačke kontese. Prve organizovane grupe turista su ovdje boravile 1890. godine, iz sadašnje Češke i Slovačke. Barska rivijera danas raspolaže sa preko 7 000 ležajeva u hotelima i preko 25 000 ležajeva u privatnom smještaju.

ACCOMMODATION

The beginnings of tourism in the area of Bar Municipality date back to as early as the XVIII century, when the charms of the village of Gornja Brca and the present town of Sutomore were discovered by Venetian countesses themselves. The first organized groups of tourists came here from the territory of the present Check Republic and Slovakia in 1890. The Riviera of Bar offers over 7 000 beds in hotels and over 25 000 beds in private accommodation.

PUTEVI MASLINARA

Preko sto hiljada drevnih maslinovih stabala oivičenih kamenim međama, daju poseban doživljaj koji upotpunjava poseban ukus maslina i maslinovog ulja, proizvedenih u domaćoj radinosti. Barska maslinova šuma, sa uređenim pješačkim stazama „putevima maslinara“, na padinama oko Bara, pruža poseban doživljaj.

GASTRONOMIJA

Dvije velike vodene površine razdvojene planinskim masivom daju delikatne ukuse tradicionalnoj hrani.

Morski specijaliteti, ručno cijeđeno maslinovo ulje, masline, raznovrsno i izuzetno ukusno povrće i južno voće sa jedne strane, jezerska riba - šaran i ukljeva, svježi ili dimljeni, pršut, kozji i kravljii sir, med sa ukusom pelina (žalfije), kesten, uz domaće crnvičko vino „Vranac“ i loza su samo neki od lokalnih specijaliteta koje neizostavno morate probati.

VINSKI PODRUMI

Tradicija gajenja vinove loze i pravljenja vina u regionu Skadarskog jezera stara je više od 5 vjekova. Mnoga domaćinstva prave vina od autohtonih sorti grožđa „Vranac“ i „Kratošja“ i imaju uređene vinske podrume gdje možete degustirati i kupiti vrhunsko crnvičko vino.

U Turističkom centru u Virpazaru organizuju se degustacije vina sa somelijerom, za individualne i grupne posjete.

THE PATHS OF OLIVE FARMERS

Over one hundred thousand ancient olive trees circled with stone edging, offer a special experience enriched by the full taste of home made olives and olive oil. The sloping olive grove of the Bar area, with its marked walking tracks called "the paths of olive farmers", create a unique experience of this region.

GASTRONOMY

The two major water bodies, separated by a mountain massif, give delicate flavours to the traditional cuisine. Seafood specialities, cold pressed olive oil, olives, a variety of delicious vegetables and tropical fruit coupled with lake fish – carp and bleak – fresh or smoked, prosciutto, cow and goat cheese, sage flavoured honey and maroons, complemented with crnicičko wine and loza are some of the local specialities you absolutely have to try.

WINE CELLARS

The grape vine growing and wine production is over a 5 century long tradition in the region around Lake Skadar. Many households make wine from autochthonous grape varieties such as "Vranac" and "Kratošija" and have well-arranged wine cellars where you can taste and buy the premium crnicičko wine.

The Tourist Centre of Virpazar will organise wine tasting with a sommelier for individual and group visits.
